ABOUT AGSB-CCE

The Ateneo Graduate School of Business - Center for Continuing Education (AGSB-CCE) was established to complement the existing Ateneo-BAP Institute of Banking, a consortium between the Ateneo de Manila University and the Bankers Association of the Philippines. It was initially known as the Basic Leadership Program (BLP) until the name was changed to Continuing Professional Education (CPE) and then finally, to Center for Continuing Education (CCE).

Under AGBS, CCE takes an active role in addressing specific industry concerns that require immediate, purposeful, and focused response. As an industry resource and partner, CCE offers continuing professional development programs that are workplace-based with immediate take-away value. Methodologies are based on business simulation, practical exercises and applications, case analyses, and focused discussions. Courses are designed, developed and delivered by industry practitioners who are noted experts in their respective fields. Together, AGBS and CCE support the Ateneo mission to promote excellence, integrity and service.

WHO SHOULD ATTEND?

This course is recommended for individuals involved in the finance/treasury function across industry lines who would like to take their skills and abilities to the next level, junior finance practitioners interested in enhancing their career prospects, career professionals in other disciplines contemplating a career switch, and others who would like to explore in-depth issue/s that has/have direct relevance to their firms.

OBJECTIVES

Successful completion of this module enables the participant to:

- ➔ Understand the basic objectives, the critical role and the strategic importance of finance in business;
- ➔ Acquire and develop the skills and competencies required of a finance professional and become a proactive and productive member of the management team;
- ➔ Understand the different capital structure framework models used to assess risk and return in capital allocation and in corporate diversification and risk management, and how these affect the value of the firm;
- ➔ Learn and apply the best practices/approaches used by finance practitioners in valuing firms, raising funds, assessing and mitigating financial risks, and dealing with financial distress;
- ➔ Understand the behavior of financial markets from the global and domestic fronts and the factors that affect them; and
- ➔ Establish a steady stream of networking and business opportunities provided by the high-profile facilitators and class members.

16TH DIPLOMA PROGRAM IN CORPORATE FINANCE

This intensive online program is designed as a career-empowerment vehicle toward the most senior and rewarding careers in finance. It offers the participant the opportunity to acquire and develop the skills and competencies required of an investment banker, the strategic approaches and techniques of a consultant, and the analytical and methodical decision-making abilities of a corporate finance director.

Presented in three modules, the program fuses the discipline's fundamental theories and concepts into practical business applications and processes, from simple financial resource deployment to wealth and value creation.

The program draws heavily on the strength of the module facilitators who are all recognized industry practitioners with sterling credentials and the Ateneo de Manila University as a learning institution with the highest standards of academic rigor.
