ABOUT AGSB-CCE

The Ateneo Graduate School of Business - Center for Continuing Education (AGSB-CCE) was established to complement the existing Ateneo-BAP Institute of Banking, a consortium between the Ateneo de Manila University and the Bankers Association of the Philippines. It was initially known as the Basic Leadership Program (BLP) until the name was changed to Continuing Professional Education (CPE) and then finally, to Center for Continuing Education (CCE).

Under AGSB, CCE takes an active role in addressing specific industry concerns that require immediate, purposeful, and focused response. As an industry resource and partner, CCE offers continuing professional development programs that are workplace-based with immediate take-away value. Methodologies are based on business simulation, practical exercises and applications, case analyses, and focused discussions. Courses are designed, developed and delivered by industry practitioners who are noted experts in their respective fields. Together, AGSB and CCE support the Ateneo mission to promote excellence, integrity and service.

WHO SHOULD ATTEND?

IT Professionals responsible for IT Recovery.

OBJECTIVES

Successful completion of this module enables the participant to:

→ Understand the business continuity management (BCM) architecture and disciplines;

→ Learn the role of IT/DR within business continuity management;

→ Recognize issues involved with recovery of technology platforms and data;

→ Evaluate current and new IT/DR technologies (real, virtual, cloud, co-location, hyper convergence, VDI, "as-a-Service" - IaaS/PaaS/SaaS/ etc., and "Software Defined" - storage/network/data center);

→ Select strategic alternatives for the IT/DR process;

→ Build, test, and implement the IT/DR process; and

→ Integrate the business continuity management and IT/DR functions within your entity.

IT DISASTER RECOVERY FUNDAMENTALS

The reliance of business on automation has never been greater, and we have never seen so many threats that could compromise systems and data before. With this IT/DR course, you will learn about your responsibilities, the benefits and drawbacks of the tools and processes available to you, and how your organization can increase its preparedness. You'll come away with the skills you need to create an IT/DR project plan and gain management approval for it.

If you work in business continuity, IT, security, or a related field, and have an interest in your responsibilities when it comes to IT/DR, this interactive course is for you. If it's been a while since you were last certified, this is the perfect opportunity for you to get on top of the latest developments in IT/DR. The knowledge you gain will put you at the head of the pack professionally, and make you an asset to your organization.

PROGRAM OUTLINE

I.   Introduction to IT/DR
II.   IT Disaster Recovery Program Management
III.   Risk Assessment and Business Impact Analysis
IV.   Business Continuity, Disaster Recovery and Cloud Computing
V.   Developing Information Technology Strategies
VI.   Introduction to New IT/DR Technologies

RESOURCE PERSON

Mr. Mel Cabodil was the founding President of the Business Continuity Manager's Association of the Philippines (BCMAP), the official forum organizer of the Business Continuity Institute from the United Kingdom and represents Disaster Recovery Institute International (DRII) classes in the Philippines.

His extensive experience on disaster recovery made him the first Certified Business Continuity Professional (CBCP) of Disaster Recovery Institute International (DRII) in the Philippines. He is currently the Executive Director of DRI Philippines.

His experience and competency led him to various management roles in consulting, sales, pre-sales, project delivery and general business management. He has extensive multinational exposure having been part of various ASEAN roles in consulting, sales and project delivery. He has led a number of SMEs and IT practitioners from various countries to deliver IT solutions in the region.

Mr. Cabodil earned his Bachelor's degree in Electrical Engineering from Mapua Institute of Technology.

MR. MEL CABODIL

ABOUT BCMAP

Business Continuity Managers Association of the Philippines (BCMAP) was formed in 2006 with the goals to organize forums, conduct certification classes, and promote the best practices and standards of Business Continuity and Disaster Recovery. BCMAP aims to address the needs of enterprises from various sectors in the country and ensure the protection of human lives and assets in the event of any disruption or crisis in business.

The group started to organize forums thru the sponsorship of companies like IBM, Citibank, ADB, BSP, ePLDT, Symantec, Meralco and Zuellig. They have also approached Disaster Recovery Institute International (DRII) from the US and the Business Continuity Institute (BCI) from UK to provide subject matter experts on the professional practices of business continuity. The forum continues to evolve and collaborate with various government agencies like NDRRMC, BFP, DOH and NGOs like WHO, Red Cross, Zuellig Foundation, among others to continue to promote the practice of Business Continuity in the country. They also encouraged and mentor practitioners to get certified as Business Continuity practitioners with DRII or The BCI to ensure implementation of best practices in the country.

The courses are delivered by seasoned practitioners on BC/DR. Some of their certified instructors are listed below:

- Mel Cabodil, CBCP, AMBCI, ITIL Professional
- Jaycee dela Cruz, CBCP, AMBCI, CBE, MBA
- Sebastian Puache, CBCP
- Carol Atido, CBCP
- Eugene Daga, CBCP
- Jeffrey Jardin, CBCP
- Joselito Capinpin, ABCP, PMP
- Eric Ugaddan, ABCP, NEBOSH Certified
