Organizational Project Management Maturity Model (OPM3)

11th DAPM Intermediate Module:
 Managing Multiple Projects
 and Stakeholders

CCE CENTER FOR CONTINUING EDUCATION

The PMI Registered Education Provider logo is a registered mark of the Project Management Institute, Inc.

While cultures and structures may influence the success rate of initiatives, the level of adoption and maturity of the organization's project management influences how these initiatives are run and are conducted. We must understand that the success of projects is reliant not solely on the skills and capabilities of the working project managers, but is also dependent on the environment where the projects are being executed, that is the organization.

Learn about levels of organizational maturity, see how you can take your organization to the next level, and improve the way your organization can execute initiatives.

Organizational Project Management Maturity Model (OPM3)

objectives

After the course, you will:

1. Learn the different levels of project management maturity in organizations;
2. Determine current organization's project management maturity level; and
3. Identify areas and steps to increase organization's capability on project management.

professional development units

As a Registered Education Provider (REP), the Ateneo Center for Continuing Education (CCE) can award professional development units (PDUs) to Project Management Professionals (PMP)[®].

As a PMP[®], PMI[®] requires you to attend sixty (60) hours of professional development activities within three (3) years.

By attending the *Organizational Project Management Maturity Model (OPM3)*, you get to learn from the experts, exchange ideas with fellow classmates, and earn 13 PDUs.

PMI, PMBOK, and PMP are registered marks of the Project Management Institute, Inc.

who should attend

Project Managers or any individual (ex. project sponsors, program manager, product owner or developer) who would like to advance their organization's project execution.

program director

MR. MARIO DOMINGO is the Founder of several successful Artificial Intelligence Technology companies in Life Sciences, Media, Consumer and Digital Enterprises based in Singapore and the Philippines. He is active in helping organizations transform their businesses by focusing on customers using AI. He is the Director of the Ateneo Institute of Digital Enterprises.

He spent 10 years at Globe Telecom, Inc. where he led the digital business transformation, product design and creation and the enterprise discipline in project management. He spent 19 years in programs and projects for defense, manufacturing and information technology in the USA.

Mr. Domingo has two Master's Degrees in Finance and Applied Economics from the University of Southern California, USA and took his Artificial Intelligence Diploma Courses at the MIT Computer Science AI Lab.
