# Procurement and Sourcing Strategies

October 21 - 22, 2019

 CENTER FOR CONTINUING EDUCATION

**Procurement and Sourcing Strategies** is comprehensive two-day session designed to train you, as managers and staff, involved in the procurement function. This course will provide you tools and techniques in transforming your buying operations to a more responsive, strategic and value adding function.

# Procurement and Sourcing Strategies

## objectives

After the course, you will:

1. Define and explain the roles, responsibilities, and authorities of the purchasing function in a business enterprise and its impact to the rest of the organization;
2. Understand purchasing organization, ethics, and its relationship with the law;
3. Develop specifications and Statement of Work;
4. Learn how to identify, select, and evaluate vendors;
5. Recognize cost-price relationships and how prices are determined or set;
6. Identify the different tools for an efficient purchasing function;
7. Know how the purchasing function can contribute to the profitability of an organization;
8. Understand the strategic procurement planning process;
9. Identify the key elements of the strategic sourcing and understand how it can create a competitive advantage for a company;
10. Learn and implement sourcing strategies; and
11. Understand the different procurement and sourcing strategies as well as the tools for its implementation.

## who should attend

Personnel involved in procurement, demand and replenishment, logistics operation, and customer service functions of supply chain management

## resource person

**MR. JOSE EMMANUEL M. ESTRERA** is the founding Chairman of BizSolv Asia, MPC. Concurrently, he is also the Director and Senior Consultant of Global Procure-It, Inc. He has more than 25 years experience in the supply chain industry.

Prior to this, he built his career through posts, such as: Executive Vice President and Chief Operating Officer of True Value Hardware Corporation; Materials Director of Mondragon Leisure and Resorts Corporation; and Director for Logistics Monitoring Services of San Miguel Corporation. He is the founding President of the Central Luzon Chapter of the Philippine Institute for Supply Management (PISM) and Vice President of the Society of Fellows in Supply Management.

Mr. Estrera has a Bachelors degree in Chemical Engineering. He also took the Management Development Program from the Asian Institute of Management, where he was given the Superior Performance Award. He is a licensed chemical engineer, certified purchasing manager, and diplomate in supply management. Finally, he has received awards, such as: Gawad Sinop Award from PISM; and the Presidential Special Award for Professionalism from the Purchasing & Materials Management Association of the Philippines.
