Program Management: Managing Multiple Projects

CCE CENTER FOR CONTINUING EDUCATION

The PMI Registered Education Provider logo is a registered mark of the Project Management Institute, Inc.

Program Management: Managing Multiple Projects aides project managers or individuals in planning, organizing, and managing related projects called programs as well independent projects.

In today's world where success is sometimes defined by speed to market characterized by completing simultaneous tasks, program management is a platform that supports managers in properly and more effectively run development plans.

Learn about both practical and guidelines in dealing with various tasks and deliverables in this course.

Program Management: Managing Multiple Projects

objectives

1. Differentiate between project, programs, and portfolios;
2. Learn about PMIs Program Management guidelines;
3. Understand the different functions of the project manager, program manager, and the PMO; and
4. Identify different strategies in program management

professional development units

As a Registered Education Provider (REP), the Ateneo Center for Continuing Education (CCE) can award professional development units (PDUs) to Project Management Professionals (PMP)[®].

As a PMP[®], PMI[®] requires you to attend sixty (60) hours of professional development activities within three (3) years.

By attending the *Program Management*, you get to learn from the experts, exchange ideas with fellow classmates, and earn 13 PDUs.

PMI, PMBOK, and PMP are registered marks of the Project Management Institute, Inc.

who should attend

Project Managers, Program managers or any individual (ex. project sponsors, program manager, product owner or developer) who handle multiple projects.

resource person

MR. CHINO RODRIGUEZ is currently a consultant for Neural Mechanics which does data science and machine learning for various companies in the Philippines.

He has been in consulting since 2006 and held various positions in corporate offices and academe. Most recently, he was PMO Director and Head of Envirosite for ADEC Innovations. As PMO Director, he manages new ADEC programs through various project teams and ensures that projects are delivered in scope, on budget and on time. As Envirosite Head, he led Envirosite's day-to-day operations which include developing and deploying Workbench's enhancements through the various development and QA teams.

Before his ADEC stint, he was a Solution Architect and Consultant for Natural Intelligence Solutions, based in Singapore. This company deals with consulting services, data science and high-performance computing with Deep Machine Learning. He was also a Solution Architect for and Consultant for DANATEQ, Inc. that deals with similar activities of those mentioned above.

He also held various managerial positions for IT for the Ateneo Graduate School of Business and Ateneo de Manila University for 15 years.

Mr. Rodriguez holds a Masters degree in Information Technology from the Ateneo Graduate School of Business and holds diplomas and certifications in Ethical Hacking and Project Management.

complementary courses

The Accidental Project Manager
February 28 - 29 & March 6, 2020

This program is designed to give you an accelerated understanding of the practice. The program will help you navigate and survive the transition from technical and/or functional manager to a project manager.

Agile Project Management
March 13 - 14, 2020

Agile Project Management will enable you to implement agile methodologies including change, fluid organizations, setting limits, and most importantly - not to be just a manager, but a leader.

Project Stakeholder Satisfaction
May 15 - 16, 2020

Aligned with the PMBOK[®] Guide, PMs and non-PMs alike will benefit from this course as it defines stakeholder management and satisfaction methods that lead to successful project delivery or a successful initiative. Practical methods and techniques are discussed as well.
